The annual headline issue was composed by members of The Owl board. Any resemblance to actual events is purely satirical.
This February past, Sarah-Jane Poindexter embarked on an oral history project to document the work of *Footprints for Peace*, a non-profit organization dedicated to creating change through peaceful action.

Her methodology included conducting side-by-side walking oral histories with the long-distance walkers, during the organization’s annual “Walk for a Sustainable Future.” The walk spanned 14 days and 150 miles, from the coalfields region in Eastern Kentucky to Frankfort, the state capital, and worked to raise support for the improvement of Eastern Kentucky’s environment, health, and economy as well as to heighten awareness of the impact of mountaintop removal coal mining practices on Appalachian communities. Participants ranged from residents of the Ohio Valley region and Appalachia to Japanese Buddhist monks, Veterans for Peace, and American Indians. (Photograph by Larry Bringing Good.)

As a participant observer, Sarah-Jane cooked, ate, slept, conversed, and walked with the group for over 70 miles. Additionally, her research explored the role that “walking” plays in social justice and personal journey; the boundaries of traditional oral history methodology; and the challenges inherent to documenting a community that is in motion. All of the oral histories were recorded while walking. In many ways this approach was less than ideal (challenges included narrow road shoulders, hostile locals, traffic noise, inclement weather, juggling cords and equipment), however it was uniquely advantageous to talk and walk because it allowed for capturing both the thoughts and action that are at the heart of *Footprints for Peace*. The oral histories recorded during this trip will be added to the Archives and Special Collections.

Here’s a major THANK YOU to Gail Gilbert -- my boss for 35+ years!! Gail is a superlative leader, with a sense of humor, humility, and empathy, managing the Art Library by example not words; she’s shown remarkable scheduling flexibility (especially important in a two-person unit!—we’re always totally mystified, that year after year, meetings, sick leave, and vacations manage to be covered, although there are a lot of lunches eaten in the office); and her professionalism and dedication to our collection is appreciated by many Faculty and Donors. Most of all, though, Gail is a good friend that I’m going to miss hugely! Happy Retirement!!

—**Kathy Moore**

I’d like to say thank you to all of my colleagues in Archives & Special Collections for stepping in and helping back me up while I had to be out of the office to supervise the very short-notice and equally chaotic relocation of one of our warehouse spaces – boxes, shelves, and all! It couldn’t have been done without a team effort, and I greatly appreciate their support. —**Chad Owen**
