Two-Millionth Volume Announced!

Dean of Libraries Hannelore Rader has announced A Moment in Time by Deb Stover as the Libraries’ two-millionth volume. “I was getting coffee at Ritazza when I saw this book on the paperback exchange rack and knew immediately this was the right one,” said Ms. Rader in a recent interview. “It’s the perfect combination of academic excellence and timeless appeal.”

Her selection was widely praised. Information Literacy officer Anna Marie Johnson declared the book a “literary masterpiece” deserved of recognition. Historian Bill Morison noted: “I challenge anyone to find a mistake in its historical detail.”

The book will be enshrined in a gala celebration (black tie optional) next month at a ceremony hosted by Pamela Anderson, star of Stacked, the new Fox TV series set in a bookstore.

Staff Productivity Soars!
The Libraries’ Diversity Plan has been reviewed by the University Diversity Monitoring Task Force and found impressive for creating new career pathways for minorities.

The 2005 ALADN (Academic Library Advancement and Development Network) Conference was held in New Orleans March 7-9, 2005. More than 150 attendees from various universities and academic libraries attended this most informative meeting. The program featured many descriptions of fundraising programs and ideas from throughout the United States and provided ample opportunities for discussion and meeting other development officers. Ideas regarding endowments, naming opportunities, case statements, endowing chairs and donor development were presented and discussed.

The SAALCK (State-Assisted Academic Library Council of Kentucky) met March 11. Issues under discussion were the next KHECC/CLiK/SAALCK conference “Breaking Down Barriers: Convergence 2005”, consortia negotiations with Wiley, the OCLC Copyright Workshop held at UK in March, proposals for additional consortia purchases with ProQuest and UMI.

Planning for the 33rd National LOEX conference to be held in Louisville May 12-14 for the first time in a Southern state continues under Anna Marie Johnson and her committee’s excellent guidance. Approximately 270 participants are expected from throughout the U.S. and will even include several international guests.

— Hannelore Rader, Dean of University Libraries

MIKE SMITH
Ekstrom Library
Circulation and Interlibrary Loan
Congratulations to Mike Smith and his wife, Kristy, on purchasing their first home. It’s a 3-bedroom/2-bath in the Shively area. After much deliberation, they have decided to remove the chicken house from the backyard.

Technical Services
Please help us welcome another new face in LL35. Angela Slaughter joined the department in March as Library Assistant in Serials Acquisitions. Her new responsibilities include check-in of periodicals and standing order serials. Angela may be familiar to some of you. She most recently worked as a student assistant in the Music Library. We are thrilled to have her in our group!

Unfortunately, we must say farewell to another staff member in LL35, Kris Abplanalp. Kris was also a Library Assistant in Serials Acquisitions. He plans to return to school full-time in the fall.

You may have heard that the Libraries have achieved the addition of two million volumes to the collection. Staff in Technical Services have been working diligently toward this goal for several months. The “unofficial” two-millionth volume, The Four Pillars of High Performance: How Robust Organizations Achieve Extraordinary Results by Paul C. Light, was added in February. Way to go, TS staff!

Law Library
Diversity Forum on Ten Commandments Case
On Monday, April 4 at noon in the Cox Lounge, the law school’s Diversity Committee will present a discussion of the recent Ten Commandments case (McCreary County v. ACLU of Kentucky). Attorney David Friedman, ACLU General Counsel, who argued the case before the U.S. Supreme Court on March 2, and attorney Frank Manion, American Center for Law and Justice, will present different points of view. Free and open to the public. For more information, contact Robin Harris at 852-6083 or robin.harris@louisville.edu

Music Library
After 3½ years of dedicated work, the Music Library is sad to see student assistant Angela Slaughter desert us for Ekstrom. Of course, we are thrilled that she was selected for the job in Technical Services, but we hate to see her go! She has been a joy to work with and we have all grown to depend on her skills and willingness to tackle any assignment we throw her way. She will be greatly missed, but we know she will succeed in her new job. Thank you, Angela, for all of your hard work! We will miss you!

UARC
Chad Owen traveled to Tempe, Arizona for the ECURE Conference (Electronic College and University Records) at Arizona State University on Feb 28-March 2. He even managed to convince himself to leave the gorgeous sunny skies and 70-degree weather to come back home!

While Louisville suffered through a return of winter, Kathie and Ron Johnson managed to escape to Phoenix, Arizona for a week in early March. Phoenix itself had suffered through a long cold rainy January and February, but they got there just in time for days of 75 - 90 and nights in the 50s. While there they visited Taliesin West (fabulous), Sedona (spectacular), Old Town Scottsdale (fun place), and went to a spring training baseball game. They also got together with some old Air Force friends from 32 years ago and her brother and sister-in-law, who live in Minnesota but winter in Arizona (very smart!)

Kathie is also celebrating, as her paper proposal on the attitudes of American nurses in World War I was accepted for a conference on Women and World War I at the Institute of Germanic and Romance Studies, University of London, (yes, the one in England) in September 2005. She is already planning their vacation around the dates of the conference.

April Birthdays
Our very own Selvam Sivagurunathan celebrates his birthday this month. And Kersey Library extends a Happy Birthday to the rest of you who are celebrating that very special day in April.
"If a picture is worth a thousand words, this one is a million. This is John Spivey with Atlas on one line and OLT on the other trying to fix something in ILLIAD to keep ILL going.” —Bettie Lewis

“We would like to thank John Burton for his tireless efforts in providing assurance and assistance to keep the LL35 area going during computer upgrades, security changes, and other technological challenges. John’s patience and persistence is unbelievable so very appreciated and valued by the members of LL35.” —Technical Services & Collection Development

“My extreme appreciation and gratitude go to Karen Hild, Vicki Niehaus, and Sarah Weller for being such great cubicle mates!” —Alice Abbott-Moore
